

## **McGill-Toolen Beginner Band Program**

The McGill-Toolen Prep Band program has a long and very successful history. The Beginning Band program encompasses 5th grade beginners and new percussion musicians. Each band member is part of a class at their school that meets and rehearses during the school day, twice a week, with an extra time on Friday for optional help. The beginner band rehearses four days during the year ( two are optional, but encouraged ) at McGill-Toolen Catholic High School and performs a Christmas and Spring Concert.

### **WHY SHOULD MY CHILD BE IN THE BAND?**

Research made between music and intelligence concluded that music training is far greater than computer instruction and athletics in improving children's abstract reasoning skills. Students with coursework/experience in music performance scored higher on the SAT: students in music performance scored 57 points higher on the verbal and 41 points higher on the math, and students in music appreciation scored 63 points higher on verbal and 44 points higher on math than the students with no arts participation in middle and through high school.

### **WHAT IF I WANT TO BE IN THE BAND AND PLAY A SPORT OR CHEERLEAD?**

The McGill-Toolen Prep Band and Directors understand the importance of a well-rounded education. Participation in one or multiple extra curricular activities can be a part of that education. Since band meets during the school day there is minimal after school commitments and therefore does not conflict with other extra curricular activities.
